School Description and Mission Statement (School Year 2007-08)

This section provides information about the school, its programs and its goals.

Musick Elementary School is one of eight elementary schools in the Newark Unified School District. Students in Kindergarten through Third grade are taught in groups of no more that twenty students per classroom. Students in grades Four through Six are taught in groups of no more than thirty-one students per classroom. All of the teachers are NCLB compliant.

The school provides California Standards-Based instruction in all the academic areas. State and federal accountability reports demonstrate the continued academic progress. Currently, Musick School is in Program Improvement Year I.

Musick School celebrates our diverse ethnic population of African-American, Asian, Hispanic, and White students, as well as many other cultures. The school also provides specialized services to English Learners, and Students with Disabilities. Interventions are implemented throughout the day and after school in the content areas of English Language Arts and mathematics

The Newark Public Schools inspire and educate all students to achieve their full potential and be responsible, respectful, productive citizens.

The City of Newark is located in Alameda County, and is home to over 40,000 people. This 150 year-old community is situated on the southeastern edge of the San Francisco Bay directly off of Interstate I-880 and Highway 84. With its close proximity to San Jose and San Francisco, Newark residents have easy access to the benefits of “big city” life, while offering the comfort and safety of a small town atmosphere. Newark Unified School District is comprised of eight elementary schools, two alternative high schools, one junior high, and one comprehensive high school. All of the schools maintain a shared commitment to providing students with a “world class education” based on a strong liberal arts foundation and centered on the district’s core values, producing academically skilled and community-minded students with a wide array of post-high school educational and career options.

[Opportunities for Parental Involvement \(School Year 2007-08\)](#)

This section provides information about opportunities for parents to become involved with school activities.

The entire Newark Unified School District has been blessed with a tremendous amount of parent and community support, and there are many groups that provide support to the schools, students and programs in the district. The Musick Parent, Teacher Association (PTA) is engaged in fundraising, open houses, hobby nights, and musical programs. Parents and community members are encouraged to volunteer as tutors, classroom aides, and paper-graders. There are also opportunities within the Musick School Community Forum that is a parent education based outreach program. In addition to parents, AARP (Association of American Retired Persons) members volunteer in the classrooms. Community members and parents have the opportunity to be directly involved with the governance of the school through serving on one of the many leadership teams that guide the district, including:

- School/District English Learner Advisory Committees
- Technology Committee
- City/District Planning Committee
- GATE Advisory committee
- School Site Council

III. School Climate

School Safety Plan (School Year 2007-08)

This section provides information about the school's comprehensive safety plan.

Schools review and practice their safety procedures in the fall of each school year. This fall, Musick School practiced a fully comprehension drill in conjunction with members of the Newark Police Department and Fire Department. We will repeat the drill again in the spring in order to raise our awareness and refine our practice in the area of Safe Schools. Other practice drills take place regularly during the school year. Schools then update their comprehensive safety plan by February of each school year. Staff members then review their updated safety plan. Teachers, administration, and other staff members have attended professional development workshops to ensure the most current information is implemented into each year's plan. The Comprehensive Safety Plan is continuously refined in order to meet the needs of the students, staff, and community members.

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

The school's facilities are safe and in good repair. District maintenance staff ensures that minor maintenance, repairs or upgrades necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. There are no necessary corrective actions to this school. There are, however, modernization project upgrades planned at this school to address preventative measures and improved facilities for students and staff.

V. Teachers

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

At Musick School, teachers were provided the opportunity to participate in SB372 training for both the English Language Arts curriculum using Houghton Mifflin materials and the Mathematics curriculum using Scott Foresman materials. Monthly grade-level collaboration took place to facilitate grade-level articulation. Newark Unified School District partnered with the Developmental Studies Center in order to provide staff development for the writing curriculum. Teacher Leaders were established at each site to be a liaison between the site, the district, and DSC. They attend collaborative meetings and have been responsible for leading staff development for their peers. Foss Kit training for science curriculum implementation occurred throughout the year and teachers collaborated with the Science Resource Teacher to refine the work that occurs in the lab setting ,as well as the extensions of those labs in the classroom setting. In the spring of 2008 the Musick School staff attended a training for Guided Language Acquisition Design, otherwise known as GLAD. This pedagogical workshop was followed by a hands-on strategic learning lab experience. The teachers at Musick School are working hard to implement these strategies that are based on language acquisition and brain-based research. Although the work was designed specifically to support English Language Learners, we are finding the strategies to be beneficial to all students at Musick School. All of these opportunities assisted our staff in meeting the needs of our students and helped support best practices among all grade levels.

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	No	No
Percent Proficient - Mathematics	Yes	No

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.
